

Changes needed 8 – 21 May 2022

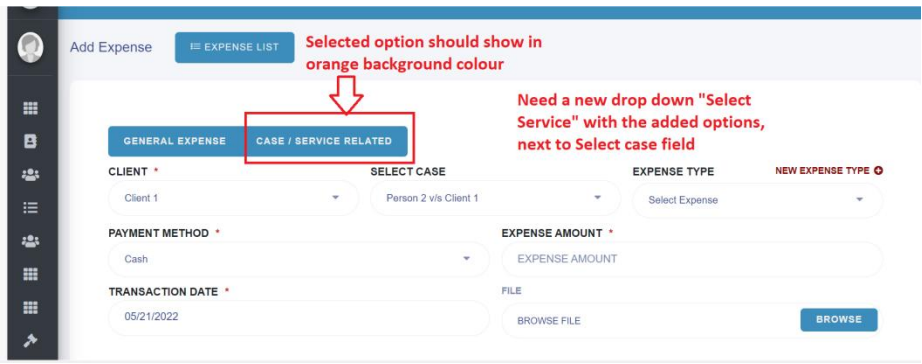

- 1. Finance Module / Bank Account List / Add edit new bank account
 - a. Showing the below error when saving. Need to fix.

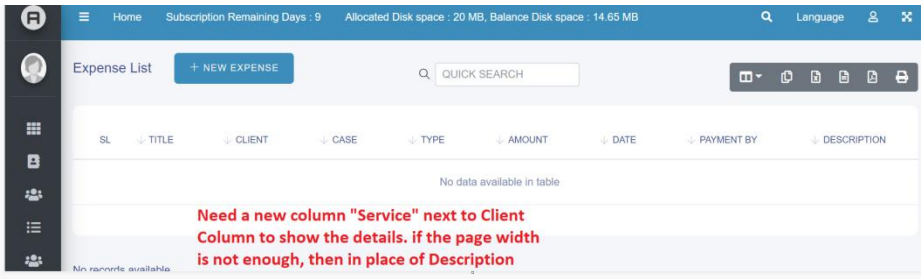

- 2. Showing very small image, need to show the image in the centre (better in a circle as was in the document image), and to be full size of the circle. Need to fix.

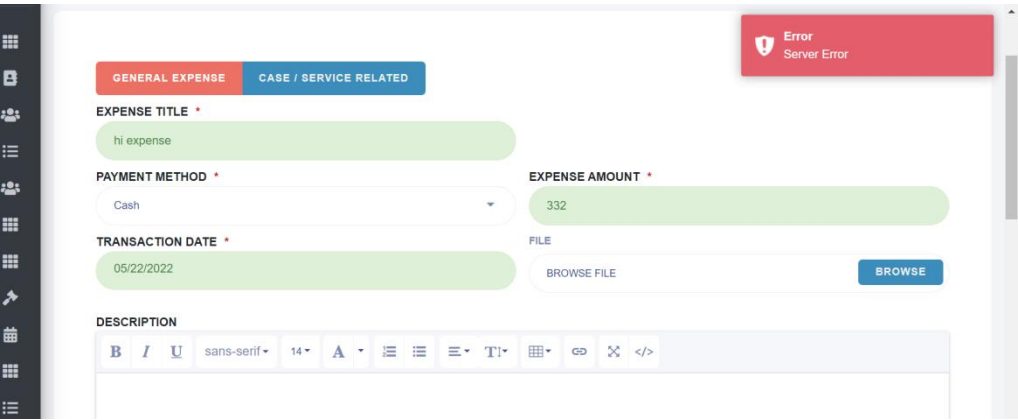

- 3. In Add expense page, need below image changes
 - a. If the General Expense is selected, still need to show the “Expense Type” drop down to select.
 - b. When the Case / Service-Related option is selected, need to show another drop down “Service” next to Select Case field.

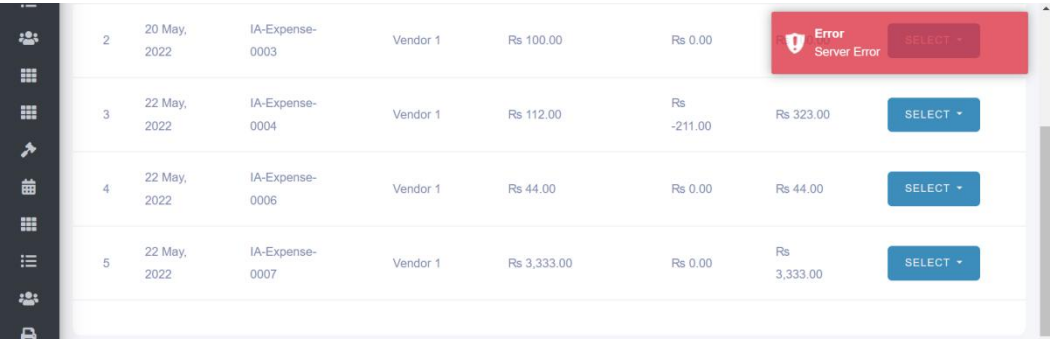

- 4. Need a new column "Service" next to Client Column to show the details. if the page width is not enough, then in place of Description Column, we can show a button to click. On clicking to show the description details in a pop up.

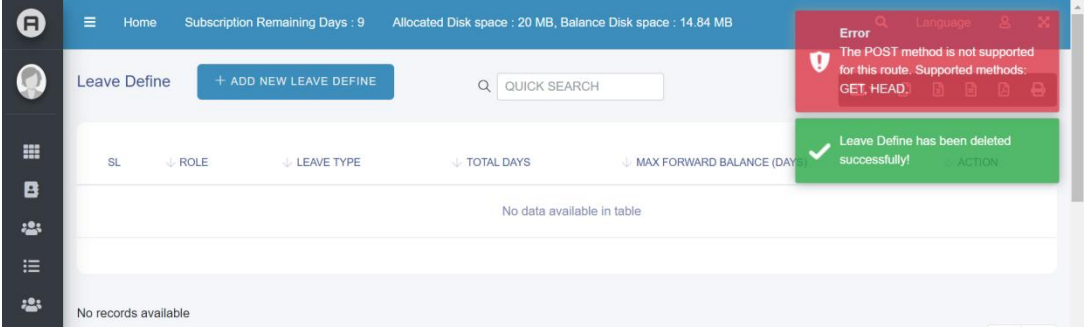

- 5. Selected Language to show in the language top bar. Also, change of language not working properly. Need to fix.
- 6. Finance Module / Expense List / Add expenses => Showing below image error. Need to fix

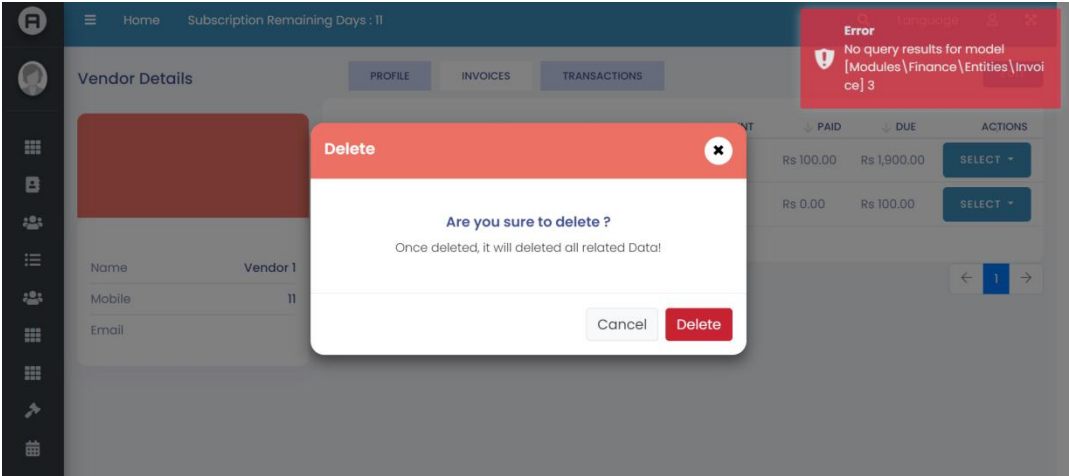

- 7. Invoice Module / Expenses List => added invoice details not showing in the Finance Module / Transaction page. Need to fix.
- 8. Invoice Module / Expense invoice List / Action / Add payment = showing below image error. Need to fix

- 9. Human Resources Module / Payroll / select role / select month / select year / search / Action / View Pay slip / PDF => Not showing the currency symbol the amount, in the downloaded PDF. But showing correctly on the screen. Need to fix.
- 10. Leave Module / leave Define page / action / delete page => when deleted showing below image error message. Need to correct.

11. Vendor Module / Vendor List /Action / show / Invoices / Action / Delete => showing below image error. Need to fix.

12. Need below too
